President's Report

I hope everyone is doing well. This year is already flying by. I will just hit on a few topics and then you will find information on other things in the newsletter.

Special General Council Meeting

A Special General Council Meeting has been called for May 18, 2013. A petition was presented on March 28, 2013 with 17 signatures and additional signatures were received later that day. The petition was to call a Special Council Meeting on April 13, 2013 for the purposes of adopting a Revenue Allocation Plan, discussion of a Tribal Constitution and other business.

The petitioners did not submit the Revenue Allocation Plan that they were proposing to be adopted with the petition. The individuals who presented the petition were given until April 12, 2013 to submit a plan for review. No plan was submitted so it was unclear what was being proposed.

There are other topics that the Committee would like to discuss and the WEC discussed the meeting agenda prior to posting. You will find a copy of the agenda in the newsletter. We would like input from our tribal membership on various issues that continue to come up.

During the meeting no one person will dominate the discussion and people should feel free to talk about their ideas of why we should or should not proceed in a certain direction on any issue. The meeting will not be about any wrongs done in the past rather than discussion on how we can move forward, address the issues and move on to other things. We hope that this new meeting approach, along with the Input & Feedback, will help all tribal

members regardless of where they live, to be able to provide input on various issues.

Dance Building

The Corp of Engineers will be sending an engineer to look at the Dance Building so we can have something solid to base our discussion on at the meeting on the 18th.

Oral Histories

We have worked with the Sam Noble Museum and transferred the oral histories that were done a few years ago onto DVD's. We hope to get those out to the individuals or families in the near future. We will also be setting up a TV in the museum so that we can run these during the day for people to come and watch at some point in the near future.

Website

We have received the layout and we are working on individual pages now.

Conclusion

I believe that this Committee is committed to making positive changes, however, it takes time. Everyone can come up with great ideas but you have to have a plan and people to implement them. We are doing that but as you will see in the newsletter there are a wide array of issues that we deal with daily. We won't be able to satisfy everyone but I hope that we can continue to improve.

Please remember all of the families who have lost loved ones this year, those who are ill, our elders, our children, and all of our Wichita people. May God continue to bring many blessings in your lives.
