## President's Report

We are heading into the busiest months of the year with graduations, summer youth program, Wichita/Pawnee Visitation, Annual Meeting, Referendum Election and then ending the summer with the Annual Dance. This doesn't include all of the things in between. It is a great time of the year as we gear up for summer with great things happening.

**Language Fair**

I want to say Congratulations to the Wichita Language Class. They placed 2nd in the Spoken Language category. Thanks to Doris McLemore and Gary McAdams for translating the skit that they performed and to Doris for helping with the Language Class. Congratulations also to Gary McAdams, Jimmy Reeder and Cassandra McAdams for the work that they did with the Wichita Young Men's Society. The boys came in 1st place singing the Wichita Service Club song. Congratulations also to all of our youth that placed in individual performances. We are very proud of all of them.

**Dance Building**

Renovations on the Dance Building continue. Next week the EFIS will go up on the outside changing the look of the building. The huge opening on the roof on the east side is long gone. We will be picking out colors over the next few weeks. Since the EFIS has not gone up yet, we will wait until the next newsletter to include pictures.

**Demographic Survey**

So far we have had 103 Demographic Surveys returned. We are still awaiting for the NOFA for the ICDBG Grant to be announced. We have extended the end date for the Demographic Survey to May 31, 2014. You still have time to get yours in.

**Commission Reports**

All of the Commissions have submitted their quarterly narrative reports. WTIDC is still working on financials which should be forthcoming soon to the WEC We will put the Commission reports in the May newsletter. I couldn't get all of the narrative reports in here so we will keep all the Commission reports together for the next newsletter.

**Tobacco Compact**

We have negotiated a new Tobacco Compact with the State of Oklahoma. Our Smoke Shop has done well without the compact but has seen a decline over the last month. The Compact will go into effect May 1, 2014.

**Event Center & Remodel at Sugar Creek**

The remodel of the old event center should be completed by mid May. This will add 200 new games to the facility. The event center is due to be open around the end of August.

**Referendum Election**

We are in the process of reviewing the final documents to be mailed 30 days in advance of July 19, 2014.

**Summer Youth Program & Internships**

It is our goal to provide programs for our youth and invest in our future. In the newsletter you will find announcements for the Summer Youth Program and Internships for college students for the summer.

**Grants**

We have submitted a grant to revise our Governing Document and to develop a strategic plan. We have also submitted a grant for the Summer Youth Program. We are

## Office of the Assistant Secretary Indian Affairs

FOR IMMEDIATE RELEASE
April 10, 2014

**Assistant Secretary Washburn Approves Four HEARTH Act Applications to Help Spur Economic Development in Tribal Communities Dry Creek Rancheria, Jamestown S'Klallam, Mohegan, and Wichita and Affiliated Tribes join eight others already cleared to process economic development leases without BIA approval**

WASHINGTON, D.C. -- Assistant Secretary – Indian Affairs Kevin K. Washburn today approved leasing regulations submitted by four federally recognized tribes, restoring their authority to control the leasing of their trust lands and promoting their self-determination and economic development. This streamlined process for restoring tribal leasing authority is consistent with the objectives of the Helping Expedite and Advance Responsible Tribal Homeownership Act, or HEARTH Act.

"Thanks to the HEARTH Act, more tribes have been empowered to take over leasing on their lands," Assistant Secretary Washburn said. "Tribal governments are the drivers of economic self-sufficiency and prosperity on their reservations and in their communities. The HEARTH Act restores their ability to directly control how their lands can and should be used for the good of their people, now and in the future."

The four tribes, submitted requests for Secretarial approval of their leasing regulations, are: Dry Creek Rancheria Band of Pomo Indians in California, Jamestown S'Klallam Tribe in Washington State, Mohegan Indian Tribe of Connecticut, and Wichita and Affiliated Tribes in Oklahoma. Each tribe plans to authorize leases for general economic development.

The HEARTH Act was signed by President Obama in July 2012. It restores the authority of federally recognized tribes to develop and implement their own laws governing long-term leasing of federal Indian trust lands for residential, business, renewable energy and other purposes, which greatly expedites the approval of leases for homes and small businesses in Indian Country. Upon one-time approval of its regulations by the Department of the Interior, a tribe may process land leases without having to first gain approval from the Bureau of Indian Affairs (BIA). The Assistant Secretary's action brings to 12 the number of tribes who have had their tribal leasing regulations approved under the Act. The others are: Federated Indians of Graton Rancheria, California (Feb. 1, 2013); Pueblo of Sandia, New Mexico (March 14, 2013); Pokagon Band of Potawatomi Indians, Michigan (April 11, 2013); Ak-Chin Indian Community; California (Nov. 10, 2013); Santa Rosa Band of Cahuilla Indians, California (Nov. 10, 2013); Citizen Potawatomi Nation, Oklahoma (Nov. 25, 2013); Ewiiaapaayp Band of Kumeyaay Indians, California (Dec. 10, 2013); and Kaw Nation, Oklahoma (Dec. 13, 2013).

In November 2012, the Department announced new regulations resulting from a comprehensive reform of the BIA's antiquated regulations governing its process for approving surface leases on lands held in trust by the Federal Government for Indian tribes and individuals. As trustee, Interior manages about 56 million surface acres in Indian Country.

The new regulations streamlined the leasing approval process on Indian land, spurring increased homeownership and expediting business and commercial development, including renewable energy projects.

The Assistant Secretary – Indian Affairs oversees the BIA, which is headed by a director who is responsible for managing day-to-day operations through four offices – Indian Services, Justice Services, Trust Services and Field Operations. These offices directly administer or fund tribally based infrastructure, law enforcement, social services, tribal governance, natural and energy resources, and trust management programs for the nation's federally recognized American Indian and Alaska Native tribes and villages through 12 regional offices and 85 agencies.

constantly looking for ways to increase funding and opportunities. We are currently looking at the SAMHSA funding opportunities.

**Annual General Council Meeting**

The Annual General Council Meeting will be held July 19, 2014. The agenda is posted on the website, buildings and on social media sites and will be in the next newsletter. We hope to have many things to announce including some introductions for new programs for FY-15 based on the information submitted by you in the Demographic Surveys.

**Blood Quantum Information**

We had some blood quantum information for you but I couldn't get it all in here this time. We will put that information out for your review in the next newsletter to help you make a more informed decision for the upcoming Referendum Election.

**Closing**

Several of you have made suggestions and brought things to us to consider. I want you to know that we appreciate that. Thanks to all of the employees for all of their work and efforts as we push forward. Working together we are getting things done. God bless of each of you. You're in our prayers too. Tsu-theets!

# Juvenile Services & Cultural Education Program

## Juvenile Services

**Quarterly Report**
**January 1-March 31, 2014**
**Submitted by: Yvonne Goetsch, Director**

The Juvenile Services Program Director interviewed 2 females on 3/07/2014 from the Anadarko Middle School for the Juvenile Services program. Although they did not sign for the program, a follow-up was conducted and the negative behavior (school tardiness) seems to have subsided, thus reinforcing the need for the Juvenile Services program as a deterrent for at risk youth.

The Juvenile Services Program has recently implemented Moral Reconation Therapy. This group therapy has proven itself beneficial to youth by focusing on one's own accountability for negative situations which may or may not have brought them to the program.

The After School Program started March 24, 2014 with a total of 26 After School Program participants. It continues with an average of 19 participants per day. There have been few negative situations, thus, justifying the program need by teaching the participants about culture, bullying, the need for medications and healthy lifestyles. The Juvenile Services Program had an Easter party April 17, 2014 with gift Easter baskets and an egg hunt for the After School Program Participants.

The successfulness of the after school program pilot has encouraged the Tribe and Juvenile Services Program Director to begin preparations for a Summer Youth Program. Program policy and procedure are in the process for their implementation. As the need arises, additional changes will be created.

***The basic goals & services of the JSP program are and will continue to be***:

1) To promote the at-risk youth's well being within his/her own family and community, reduce the number of referrals to the juvenile justice system and reduce truancy rates.
2) To educate youth on topics ranging from AIDS/HIV to basic independent living skills development.
3) To provide advocacy representation for court involved youth. Please note that JSP does NOT pay court costs or fees.
4) To establish community awareness projects geared toward tribal youth and families with topics ranging from substance abuse education to gang awareness; these events may be held in conjunction with other agencies/organizations.
5) To offer counseling referrals for youth with emotional, behavioral or substance abuse issues.
6) To promote family self-sufficiency and ability to rely on own strengths and resources; and to assist those families financially in the promotion of the health and welfare of youth as necessary.
7) To provide behavioral rehab, life skills and social skills redevelopment to Wichita youth.
8) To provide academic and behavioral incentives to program clients as positive reinforcements

The second half of the program, beginning in July, will allow the intern to work more in depth in a specialized areas based on their interest in the various departments of the Tribe. For example, an intern might be interested in the Social Services fields so they would be assigned to work with that director or within those programs for a specific amount of time. Each intern will also have an opportunity to present their experiences with the intern program at the Annual Meeting to be held on July 19, 2014. A final presentation with a written report will be provided to the Wichita Executive Committee.

The intern will have the responsibility of having adequate transportation to and from the Tribal Complex. Hours will be from 8:00 a.m. to 5:00 p.m. with a 1 hour lunch break. Interns will be part of the grant from ONAC and will receive a savings account. The intern will be required to attend the financial management classes offered thru the SummerSmart Youth Program. The intern will also be required to go through an application and resume writing course offered by the Human Resources Department.

The purpose of the intern program is to give experience to the intern but to also get a perspective of the Tribe from our youth. This is a nine (9) week program with a few days of orientation in May. The intern program will run from June 2, 2014 to July 31, 2014.

## Maintenance

**Quarterly Report**
**January 1-March 31, 2014**
**Submitted by: Aldezon (Tito) Saldana, Supervisor**

The Elders Lawn Mowing Program will begin on April 20, 2014. This program is to assist our elders with the maintenance of their lawns through the spring/summer months. We hope that the elders who applied for assistance will take full advantage of this opportunity. We have employed four new temporary maintenance workers, three are enrolled Wichita tribal members. The new maintenance workers will assist with the Elders Lawn Mowing Program, maintenance of the tribal grounds, the cemetery, travel plaza, and the child development center. These past few months we have slowly started to improve the tribal grounds by removing dead trees and the brush that is cluttered around the buildings and grounds. We hope that by clearing out some of this clutter it will make it safer in the summer months for visitors and tribal members to be able to walk around the grounds and enjoy the environment without having to worry about snakes and other hazards. Our goal this summer is to hopefully dispose of the piles of excess dirt, trees, limbs and concrete disposed of.

# Financial Statements-Ending 03/31/2014

## ACCOUNTANTS' COMPILATION REPORT

**Wichita and Affiliated Tribes**
**Anadarko, Oklahoma**

We have compiled the accompanying balance sheet – Governmental Funds of the Wichita and Affiliated Tribes as of March 31, 2014, and the related statement of revenues, expenditures and changes in fund balance – Governmental Funds for the fiscal period to date ended March 31, 2014, and the budget to actual expenditures comparison of Tribal Funded Programs, other general funds, and special revenues fund for the period ending March 31, 2014, and the accompanying supplementary schedules listed on the table of contents for the period ending March 31, 2014, which are presented only for supplementary analysis purposes. We have not audited or reviewed the accompanying financial statements and supplementary schedules and, accordingly, do not express an opinion or provide any assurance about whether the financial statements and supplementary schedules are in accordance with accounting principles generally accepted in the United States.

Management is responsible for the preparation and fair presentation of the financial statements and supplementary schedules in accordance with accounting principles generally accepted in the United States and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements and supplementary schedules.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements and supplementary schedules without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements or supplementary schedules. During our compilation, we did become aware of a departure from accounting principles generally accepted in the United States that is described in the following paragraph.

The financial statements and supplementary schedules do not present governmental fund balances based on the appropriate level of constraints imposed upon the use of funds in accordance with accounting principles generally accepted in the United States. Accounting principles generally accepted in the United States require governmental fund balances to be classified in a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The effects of this departure from accounting principles generally accepted in the United States on these financial statements and supplementary schedules have not been determined.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about Wichita and Affiliated Tribes financial position and the changes in financial position. Accordingly, these financial statements and supplementary schedules are not designed for those who are not informed about such matters.

This report is intended solely for the information and use of the Wichita and Affiliated Tribes Executive Committee, and is not intended to be and should not be used by anyone other than these specified parties.

We are not independent with respect to the Wichita and Affiliated Tribes.

## Enrollment/Burial-Elder-Children's Clothing Assistance/Gift Shop

**Quarterly Report**
**January 1, 2014 – March 31, 2014**
**Submitted by: Pamela Pogue, TG Services Specialist**

**Past Accomplishments:**

- First Quarter CY2014, there were 2,720 enrolled tribal members of the Wichita and Affiliated Tribes. We have had 21 tribal members enrolled of which 9 were enrolled through Blood Consolidation and 12 were at least 1/8 degree or more Indian Blood of the Wichita and Affiliated Tribes.
- Second Quarter FY2014 Burial Assistance received 3 burial assistance applications and 2 bereavement meals.
- Second Quarter FY2014 Elder's Assistance Program is closed. There were 236 eligible tribal elders and 217 checks issued. We have made attempts to notify the tribal elders that did not receive checks.
- Second Quarter FY2013 Children's Clothing Assistance is closed. Several individuals did not return clothing receipts. The penalty is the denial of one year of clothing assistance through this program. Assistance should begin in early summer 2014, and notices will be mailed.
- The Tribal Gift Shop has recently purchased new t-shirts, coffee mugs and mouse pads with the new tribal seal design. We are also working on purchasing new tribal seal pins and small tribal flags.

**Current Projects:**

- Currently, there are 15 enrollment applications in the process of being prepared to be presented to the Wichita Executive Committee for approval. The applications are pending waiting for responses from other tribes or additional information. Of those, 5 have brought in their birth certificates and social security cards and are waiting for the application, 2 have relinquished their membership with another tribe but did not send applications. Notices were mailed along with applications.
- The Burial Assistance program has completed all payments due and currently has nothing pending.
- The Children's Clothing Assistance is determining the individuals that have not returned their clothing receipts.
- The Tribal Gift Shop has new t-shirts with the new tribal seal and is in the process of obtaining additional t-shirts with the new tribal seal and the Wichita Tribe Creation. We are also seeking recommendations on the type of merchandise tribal members would like to see in the shop. The Gift Shop also encourages tribal members who make merchandise to sell, to offer it to our gift shop for possible purchase and resale.

# Transportation, AoA & Caregiver Programs

## Transportation Program

**Quarterly Report**
**January 1-March 31, 2014**
**Submitted by: Jarrod Prince, Director**

The Wichita and Affiliated Tribes Transportation Department has renewed the Tribal Transportation Program Agreement between the Bureau of Indian Affairs and the Wichita and Affiliated Tribes of Oklahoma for Fiscal Year 2014. The Referenced Funding Agreement (RFA) is an agreement between two Government to Government agencies that provide guidelines on how the contract will be executed by both parties, such as: the purpose, activities to be performed, distribution of funds, etc.

The Transportation Department has also submitted a 2014 Transportation Program Budget. The budget proposal consisted of a budget justification matrix along with a budget narrative that explained how the department was going to utilize funding for each line item on the matrix. After some minor correction the 2014 Tribal Transportation Budget was approved.

The Wichita and Affiliated Tribes Executive Committee determined that there is a need to revise the 2014 Transportation Priority List. The Sugar Creek Casino Event Center Parking Project has been identified as the Tribes number one priority for construction. The committee approved the revised priority list with Resolution WT-13-129. The department then submitted the following deliverables to the Bureau of Indian Affairs to ensure the Event Center Parking Lot was at the forefront of the 2014 priority list: Resolution WT-13-129, a descriptive strip map, accurate legal description according to section, township, range, and route number.

Finally, the department has been meeting with Tribal Leadership, Casino Management, Engineering Specialist and Sign Agencies for the development and construction of two projects: the Wichita and Affiliated Tribes Complex Entrance Sign and the Sugar Creek Casino Event Center Parking Lot and Access Road Projects. If you have any questions or concerns regarding the Transportation Planning Program, please feel free to contact me at (405)247-2425 ext. 131 or at jarrod.prince@wichitatribe.com .

## Chemical Dependency/Mental Health Program

**Quarterly Report**
**January 1-March 31, 2014**
**Submitted by: Linda Bruner, ICADC, Counselor**

In the second quarter, I participated in two Health related activities. I have 5 clients on a waiting list for Residential Treatment, 8 clients in outpatient counseling, 3 clients in Behavioral Health counseling. I have completed 14 alcohol/ drug assessments. I've had 42 transports this quarter.

The improvement I have made to this program is extending services to clients. Explaining to the clients what resources are available for them and what they can achieve.

The goal I have for this program is to increase the number of clients and to do more Outreach to inform tribal members of our services. I would like to have an additional staff member.

## Food Distribution Program

**Quarterly Report**
**January 1-March 31, 2014**
**Submitted by: Beth Parker, Director**

The Food Distribution Program has been working extremely hard this past quarter. We had our Management Evaluation in March. There were several areas of the program that were tested by Lou Hankins, USDA Representative from the Oklahoma City Field Office and Lynn Jackson, USDA Representative from the Dallas Field Office.

The review covered period Fiscal Year 2013 and part of Fiscal Year 2014 and included the following areas: State Agency Operations; Certifications; Financial Management; Inventory Control and Accountability; Records and Reports; Customer Service; Staff Training; Information and Dissemination; USDA Foods Distribution Procedures; Monitoring and Reviews and Civil Rights Training.

We were all very pleased with how the review went and look forward to doing even better the next time. Normally we are reviewed every 3 or 4 years depending on funding availability by USDA.

I would personally like to thank Melonie Saldana, Clifford Swift, James Collins and Phaelin Whish for their cooperation and dedication to the FDP program and their assistance with the Management Evaluation. Without their support, the Tribes FDP program would not be where it is today.

During the months of January, February and March 2014, we served an average of 62 households which came to about 156 individuals monthly. Breaking this down into a dollar value would be the FDP program issuing an average of $8,606.07 worth of food monthly.

We will be working to increase these numbers over the months with our short term goal to be 200 individuals served monthly.

We encourage everyone to come and visit our program. We are now a full "store" Food Distribution program. We allow our participants to shop for themselves and we even have a checkout station where we scan the food items just like they would at a grocery store.

If anyone would like more information regarding the Food Distribution Program, please contact our office at 405/247-9677.
