The 40th Annual Wichita Tribal Dance was held August 13-16, 2015. The event was opened on Thursday morning, with a flag raising at eight a.m., in honor of Phillip Major Smith, the honorary veteran of this year's dance (See more about Smith on page nine). Princess elections were held that day from two p.m. until eight p.m. and the winner, Miss Charlie McAdams, was an-

nounced that evening. Thursday night was Wichita night, with contests being open to only enrolled members and descendants. That evening's meal was provided by President Terri Parton, along with family and friends. Friday night contests included tiny tots and juniors, and the Wichita Little Sisters provided the evening meal. Saturday kicked off with the flag raising and early

morning Spirit Walk put on by the Wichita and Affiliated Tribes Health Programs, which this year was for Alzheimer's Awareness. Other tribal programs sponsored additional events. The TFSS program hosted a youth basketball tournament, the Victims of Crime Act program a domino tournament, the Domestic and Family Violence program a horseshoe tournament, and the Juvenile Services Program a youth archery tournament.

Winners of these events are listed on page eight. The Indians for Indians radio program aired from our tribal grounds that morning. Gourd dancing began at two p.m. and Grand Entry followed supper with teen and Golden Age contests. The flag was raised the final morning, Sunday, with gourd dancing in the afternoon and adult contests following supper. Thank you to all in attendance and we hope to see you next year, as well.

**President’s Report
September Edition
By Terri Parton,
President
September 1, 2015**

It’s September, the last month of the fiscal year. We are working on the budget for FY-2016 that begins on October 1 and finishing up the current fiscal year. Below is a brief update on a few things.

Annual Dance

Thank you to everyone that came out and participated in the Annual Dance this year. The Wichita Annual Dance Committee did a great job in every area of the dance. It takes a lot to get ready for the dance and we appreciate their hard work. Our maintenance department and tribal staff that assisted did an awesome job in helping to make the dance a huge success. Our activities continue to increase. We hope to have an even bigger celebration next year.

**Special Council Meeting
09/26/2015**

There will be a Special General Council Meeting held on Saturday, September 26, 2015, beginning at 10:00 a.m. We will be discussing Tribal Health Insurance, Hinton Travel Inn/Hotel and the FY-2016 Budget. We strongly encourage your input on these decisions for our future.

Tribal Health Insurance

The Tribal Health Insurance Plan is a proposed plan that would take our current health programs such as eyeglass, special meds, dental, dentures, etc. and combine them with a broader plan. This would provide each tribal member with a specified dollar amount that could be utilized towards health needs. We don’t anticipate that everyone will utilize the program nor use all of the funding that is set aside but it would be there for those specific purposes.

What would this plan do? Many tribal members have insurance but can’t afford the co-pays. This program could assist with those. We had one tribal member that had a serious issue that needed to be taken care of before contract health, now Purchased and Referred Care through IHS, could make an appointment and this program could pay for the office visit in those instances. We have some tribal members with monthly medications that exceed the \$100 per year that we have for the Special Meds Program. This would help reduce some of their cost. Though it is not in the plan at the beginning, we would later

look at a tribal sponsorship for health care in the near future. In that instance, if you were to sign up for the Affordable Care Act and had a premium of lets say \$50 a month then the Tribe could potentially be your sponsor and pay that co-pay so that you have full coverage insurance. These are just part of a proposed plan. There is NOT a proposed plan to pay \$500 to \$600 a month for insurance for every tribal member. I want to make sure that is clear. We could not afford that. You have to remember that have a lot of people with insurance through their employers, Medicare/Medicaid, etc. and this plan will help offset some of those out of pocket costs for co-pays and other expenses when our people really need them. We want to be able to take care of the health of our people to the extent possible. RWI Benefits will be here on Saturday the 26th to discuss the proposed plan.

Hinton Travel Inn/Hotel

We will provide some financial information on the Hinton Travel Inn and a proposed plan to do some updates to the hotel. We recently worked with a college on an Operations Analysis of Hinton Travel Inn. The analysis found that the building is structurally sound, there are some issues with outside landscaping and lighting that need to be addressed, some drywall that needs to be fixed, the parking lot is in good shape, security cameras need to be addressed, the swimming pool will take an influx of money to get it where it needs to be or we could close the pool and make a meeting room, the majority of the petty cash issues have been addressed by setting up charge accounts, the monthly billing has been addressed and reconciliation issues are being addressed. The final recommendations included: signage, website and social media presence, standardize rooms, standardize furniture, paint and carpeting, revitalize lobby and gift shop, convert pool to meeting room, revitalize landscaping and attract new market sectors. There was also a recommendation to increase the room rate by a few dollars after the changes have been made. We will be working towards getting these things addressed. In addition, we will discuss other hotel options.

FY-2016 Budget

We will be working on the budget for FY-2016 this month. During the meeting will introduce some upcoming plans for a few new tribally funded programs such as a Veterans Program, Youth Camp, HVAC/Heat/Air Program and a line item for a Master Plan for

some of our properties.

Wichita History Center

We selected two contractors and met with them both on August 25, 2015 and discussed the Wichita History Center. The contractors will present a 30% design completed by October 1. At that point, we will select one of the contractors to move forward with to complete the design.

**Mazzio’s Building
Renovations for the
Wichita Child
Development Center**

The Mazzio’s building is currently under renovations and should open sometime in the fall.

New Grants

This month we have received several new grants. We received a \$20,000 grant for Injury Prevention, a \$10,000 N7 Grant, a \$15,000 Cultural Resources Grant and a \$736,000 grant for Tribal Youth Suicide Prevention & Surveillance Project. Tribal Member, Vanessa Vance, assisted with the Injury Prevention grant with budget changes done by the Tribe. Tribal Member and employee, Robin White, and the former grant writer worked on the N7 grant. Tribal member and tribal employee, Gary McAdams worked on the Cultural Resources Grant and Tribal members Brandi Moran Judson and Erin Moran Dalton with Moran Consulting worked on the Tribal Youth Suicide Prevention Grant. The Tribal Administrator, several tribal staff and myself assisted in seeing the grants to completion for submission and getting the final awards. Thank you to all of those that are assisting in moving our Tribe forward.

**Hobbs, Straus, Dean
& Walker, LLP Annual

The update for Hobbs, Straus, Dean & Walker, LLP was not discussed during the Annual Meeting. They did provide a PowerPoint. Conclusion

As we begin to start a new fiscal year, we hope that we will continue to see gradual improvements in our Tribe. It would be easy if we could just do what we know needs to be done and get it done. That can’t always happen. When there are tribal funds involved and long term commitments for the Tribe then we have a Committee that has to come to agreement. It takes time sometimes to get to that point. We also have things that we want to bring before the Council. It takes time. We all get frustrated and want things to move faster, myself included. It is also easy to be frustrated on the outside looking in and say “Why aren’t they doing this?”, “We should have already done this?” We all want to move fast but we have to prudent also. It is hard to find a balance at times but it is something that we must do as leaders. Please just keep praying for our people, those who have lost loved ones, our elders, children and leadership. May God bless each of you and your families with a wonderful start to the fall!

Wichita School Readiness Program Set to Open in October

The Child Care & Development Fund Program has an exciting new school readiness program for ages 5-13 year olds that will better prepare them for their future.

- School readiness = children possessing the skills, knowledge, and attitudes necessary for success in school and for later learning and life. School readiness includes expectations of children’s status and progress across domains of language, literacy development, cognition, general knowledge, approaches to learning, physical health and well-being, motor development, social and emotional development

School readiness leads to school success. If we further develop the readiness skills, the foundation will be in place to continue to build knowledge for the future. We will focus on the children in a one on one setting. The school readiness and school success program will provide after-school tutoring from 3:00-6:00pm on weekdays. The address is 1516 Mission in Anadarko. A curriculum will be used by a certified teacher. Input from the regular classroom teacher(s) and parent(s) will be considered when identifying strengths and concerns. Areas of concerns will be strengthened and strengths will con-

tinue to thrive. The results of the program will be visible through grade improvement and graduation. During public school breaks, educational day camps with the entire focus on one subject will be presented throughout the week. We will make a difference. The Child Care & Development Fund Program is a federal grant that provides child care assistance to income eligible Native American children. The federal grant allows a portion of the funding to improve the quality of child care. This funding is how the CCDF Program is able to create and oversee the Wichita Child Development Center and create the Wichita School Readiness Program. These programs are non-profit. The Wichita School Readiness Program facility is being renovated at this time. The anticipated opening is mid to late October 2015. The children aged five years and older from the Wichita Child Development Center and their teachers will move to their very own, exciting new program. More information will follow as we move closer to the big day.

Respectfully,

Kathy Hopen, CCDF Program Director

Wichita/Pawnee Visitation

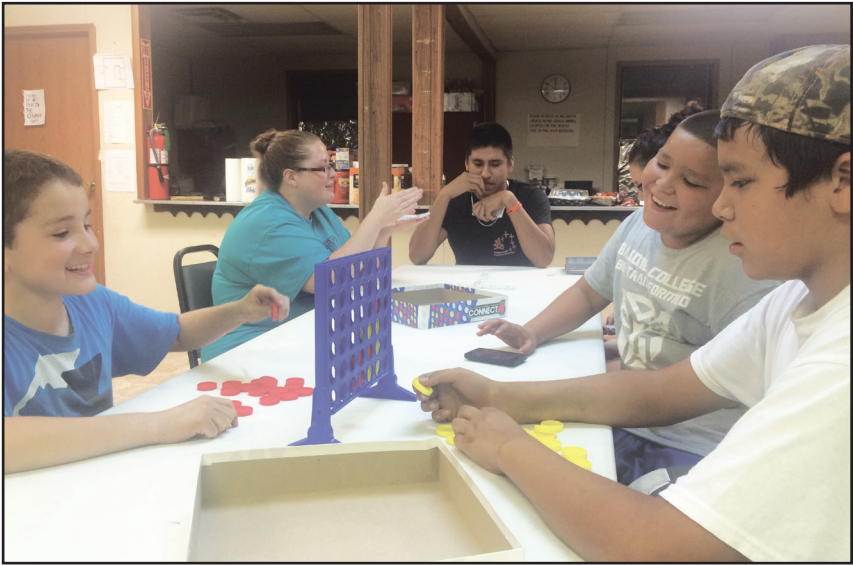

Pawnee and Wichita Men

Tobacco Men, Gary Mcadams and William Howell

Giving thanks to hosts for meal

The Wichita-Pawnee Visitation is perhaps the longest running tradition carried on by two Tribes in the lower 48 states. It has been going on continuously for well over a century and there is some scientific evidence as well as oral tradition that the visitation is several centuries old.

Linguistically, the Wichita and Pawnee are from one language family, accordingly, they were in the past, one people. It is estimated that a separation occurred about 800 to 1200 years ago and consequently, the languages developed differently from that point and the two Tribes, it seems, became unknown to one another. Sometime after that, contact was re-established and according to oral tradition the relationship was renewed.

As it is conducted today, the visitation consists of a traditional encampment with the Wichitas being the hosts in odd numbered years and the Pawnees being the hosts in even numbered years. The encampment usually lasts about ten days.

The visitation is initiated in the spring of each year when the leaders of each Tribe confer and decide when the visit will begin. Historically, the date set is around the middle of July.

From the Wichita perspective, on the day the visitation is to begin (which is usually a Wednesday) the Wichitas will meet at a place selected by the Wichita Tobacco Man for a tobacco making ceremony and a communal meal. Once the men conclude the ceremony and the meal is eaten, the group leaves for Pawnee, OK. Upon arrival in Pawnee no one proceeds to the site of the visitation until the Wichita leaders deliv-

er the tobacco to the Pawnee Tobacco Man and it is accepted by him. At that time the Wichita leaders return to the group and leads them to the campground. Everyone then proceeds to set up their camps. That evening the Pawnees will provide a meal. When all of the food has been placed on the tables near the center of the arena, the Pawnee leader will come to the Wichita camp and invite the visitors over to the arena. Once everyone is gathered for the meal, the Pawnee leader will get up and give a talk about the visitation and welcome the visitors and then give a prayer or select one of the Pawnee men to give the prayer. Then the wife or female relative of the Pawnee leader will select the women who will serve the meal. The Wichita men will line up first, then the Wichita women followed by the Pawnee men and lastly the Pawnee women.

After the meal, the Wichita leader or a designee gets up and thanks the Pawnees and offers some remarks about the visitation and everyone is dismissed. Thus begins a cycle which includes breakfasts, lunches, and evening meals provided by various members of the host Tribe. And usually, a handgame is held every evening except for the first evening and the evening prior to the Giveaway Day.

Along about the third day of the visitation, the Pawnee leader will set the day for the tobacco ceremony which is conducted by the men of both Tribes. On the day of the ceremony the Pawnee leader will come to the Wichita camp to invite the Wichita men to come to the special place which has been selected to hold the ceremony. At the ceremony each man is given the opportunity to express themselves; the tobacco which

was delivered by the Wichita will be ritually opened and smoked by all the men present in a pipe ceremony. Upon the opening of the tobacco the Pawnee men present will make monetary donations and the date for the giveaway will be set. After everyone has smoked, the man handling the pipe will go outside the circle and offer a prayer. Then a meal is shared, Wichita thank yous are given and the ceremony is concluded.

Giveaway Day begins with a noon meal. When all the food has been placed on the tables in the arena, the Pawnee leader will come to the Wichita camp to invite them to the meal. The set-up is different from the other meal in that separate tables are set for the Wichita and Pawnee respectively. The Wichita women serve the Wichitas and the Pawnee women serve the Pawnees. Once everyone is gathered at the dance-ground the Pawnee leader gets up and addresses the gathering, first speaking to the Wichita people and then to his own people. At the conclusion of his speech he will select someone to pray for the meal and the activities that follow. Sometimes he will turn the meal over to the Wichitas and the Wichita leader will dispense with these duties. When the meal is finished, the Wichita leader speaks to the gathering, expressing his thoughts about the visitation and giving his thanks for the meal and for everything the Pawnees have done for his people. After his talk everyone is dismissed so that things can be made ready for the giveaway.

The giveaway customarily begins with a series of round dance songs then a wardance song is sung for the Pawnee leader and then for his helpers. Other Pawnees may request songs or else

they just get up and giveaway during any of the wardance songs. When the Pawnees are done, the drum is turned over to the Wichitas. The first song sung by the Wichitas is called the Thank You song. Then songs are sung for the Wichita leader, his helpers and any other Wichita that requests one.

After each song, the Wichita who requested the song announces his/her pledge for the next year when the Pawnees come to visit the Wichitas.

Once the pledges are completed the drum is turned back to the Pawnees who conclude the program with a prayer song. There are no activities scheduled for the evening.

The next morning the Wichitas break camp, making a special effort to leave the camp area in the same condition as when they arrived. When everyone is packed up and ready to go, they will get in their vehicles and line up near the dance arena. Then the men of the two Tribes will line up in the arena facing each other and say their thank yous and good-byes. At the conclusion of the talks a prayer song is sung. Then all the Wichita women and children can go among the Pawnees present to say their thank yous and good-byes. Thus, the visitation is concluded until next year when the Pawnees come to visit the Wichitas.

Wichita History Seminar

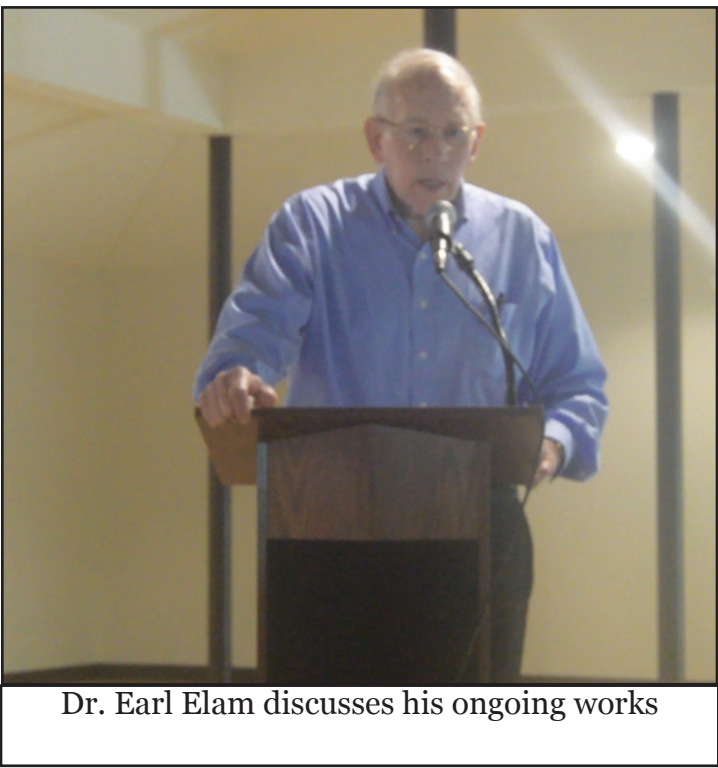

The Wichita Cultural Education Program(WCEP) held a Wichita History Seminar on Saturday, August 22, 2015 in the newly renovated Wichita Community Building. Presentations began at 10:00 AM with a lecture by Dr. Earl Elam covering the period 1859-1901, the reservation years. This period is the subject of a book by Dr. Elam that is a work in progress.

Dr. Elam was followed by Dr. Don Blakeslee who talked about Wichita archaeology in Kansas with an emphasis on the archaeological resources in and near Arkansas City, Kansas. He reported on previous and recent research and investigations that have occurred there, such as, the geophysical testing of several sites in Ark City which Dr. Blakeslee organized and supervised in June of this year.

The seminar wrapped up with an open discussion of the protocols associated with the centuries old tradition of the Wichita-Pawnee Visitation, led by Stuart Owings.

Newton Lamar Honored at Pentagon

Former tribal President, Newton Lamar, was recently honored in Washington, D.C. When Newton Lamar died in 1989 the Veterans Administration sent a flag to drape the casket in honor of his service. On August 25, 2015, that flag was flown over the Pentagon in his memory. He left Riverside Indian School when he was 16 or 17 and joined the Army Air Corps. He later transitioned into the Air Force and was a gunner and mechanic on a B-29 bomber. He served the Strategic Air Command and was always proud of his military service. That day, over the icon of our Nation's mighty military, the flag of a Wichita man flew proudly.
