RESIDENTIAL GRAVEL DRIVEWAY SERVICE

Greetings Wichita and Affiliated Tribal Members:

On April 1st, 2024, The Wichita and Affiliated Tribes will accept applications for the Gravel Driveway Service. This program will provide gravel and tinhorn needs for your existing driveway

To qualify for this service, you must:

- Be an enrolled member of the Wichita and Affiliated Tribes
- Be the owner of your home
- Reside in the home
- Live in a rural residential area within the Tribal Jurisdictional boundaries or Anadarko Rural Area
- Provide a copy of your Property Deed
- Provide a copy of your utility bill
- Provide a clear copy of your Certificate of Degree of Indian Blood
- Complete and submit an **Address Form** (to be used for assessment and inventory of driveways)

All required documents will be submitted with the Service Application. Without the criteria, your application will be incomplete, and services will not be provided until the Transportation office has received all necessary documentation. The Address Form does not replace the initial Service Application but merely to get the application process started.

You may call the program office and request a form to be mailed to you or you may visit the office located at the tribal headquarters to pick up the form (address and phone number listed below).
